Wednesday, October 12 th 5:00pm- 6:00pm	277	0	3	0	3

Message from volunteer banner holder:

This is the latest list of my traffic survey at the village corner when holding the banner. Except for the Saturday, it seems it could average out at over 200 vehicles an hour on the corner.

This is of course, before new homes, when my uneducated guess is that there would be 400 vehicles around the corner in an hour.

I will continue to do this when there with the banner as it is a good indication of traffic issues / infrastructure.

During this hour, there is plenty of reversing to allow another or other vehicles through.

Also I and the other volunteers have noted that the speeds approaching the corner and even going around the corner is excessive.
